

Enhanced Equity Income Strategy

About Griffin

Founded in 1995, our name, Griffin Asset Management was taken from the Greek mythological creature to signify our commitment to protect and guard our client's wealth. By combining strategies that have a proven history of long-term, risk adjusted returns with a relentless focus on our clients' needs we help provide financial certainty in an otherwise uncertain and unpredictable market environment.

Investment Philosophy

Our portfolio managers believe market inefficiencies exist and attempt to harness these inefficiencies with the goal of producing attractive returns while moderating risk. In addition, income plays a critical role in the total return of a client's portfolio.

- Domestic Equity Portfolio
- Large Cap
- Shareholder Friendly
- 25-35 Holdings
- Cash Flow Driven
- Low Volatility
- Utilizes Covered Call Options Strategy

Strategy Objective

The objective of the enhanced income strategy is to participate in long-term equity returns with an emphasis on current income. The strategy attempts to maximize the dividend income stream on a high-quality equity portfolio by using covered call options writing and by taking a risk-averse approach.

Strategy Emphasis

The strategy utilizes covered call option writing to maximize the dividend income stream on a high-quality equity portfolio in a risk averse manner. The portfolio manager uses in depth research to identify undervalued business with solid balance sheets that are run by superior management teams. The portfolio invests in companies with the following characteristics:

- Above Market Yield
- Long Term Capital Growth
- Proven Track Record of Dividend Growth
